CAREER SUMMARY

Full Stack Developer with hands-on **MERN Stack internship experience**, and **SEO-friendly web solutions**. Proven ability to build **responsive UIs (React.js)** and **scalable backends (Node.js)**. Passionate about optimizing performance and user experience

EDUCATION

Bachelor's Degree | Sant Gadge Baba Amravati University

2023 – 2026 (Pursuing)

Diploma | Government Polytechnic, Achalpur

2020 – 2023

EXPERIENCE

Frontend Intern | Manparth (Remote, India)

Feb 2025 – Apr 2025

- Worked in a MERN stack team to develop scalable applications.
- Built 10+ reusable and responsive components using React.js and Tailwind CSS.
- Integrated RESTful APIs and managed application state using Redux Toolkit.
- Participated in Agile sprint planning and weekly code reviews.

PROJECTS

AI-Thought-Sharing Webapp - github.com/maaz81/AI-Thought-Sharing-Webapp

- Built an AI-powered web platform for users to share, filter, and explore thoughts and ideas.
- Integrated Chatbot AI (OpenAI API) to generate content suggestions and interactive replies.
- Implemented smart tagging, search filters, and auto-categorization for improved UX.
- Developed a dynamic profile system that showcases best posts and interaction stats.

Ochi. Design Clone - github.com/maaz81/Ochi-Clone-Project

- Developed a pixel-perfect, **responsive frontend clone** of the Ochi Design agency website using React.js and modern design principles.
- Implemented **smooth UI animations** (Cards, Marquee, About sections) using Framer Motion to mimic production-grade aesthetics.
- Practiced **component reusability** and clean code structure for scalable frontend development.

TECHNICAL SKILLS

- **Frontend:** React.js, Redux, Tailwind CSS, Bootstrap, HTML5, CSS3
- **Backend:** Node.js, Express.js, REST APIs, Authentication (JWT, Bcrypt)
- **Database:** MongoDB, MySQL
- **Tools & Design:** Figma, Canva, Photoshop, WordPress (*Theme Customization*)
